TRISEXUAL

I'm a liar
So I did laugh at you
Should I become a Man
Never
Never
Never
Never

I'm a liar
So I did laugh at you
Should I become a Girl
Never
Never
Never
Never

Many men quit being men
The flur is want to be Woman
Corruption gor is getting far
Away

Women are in love themselves
Don't ask me why I've got a shame
Those ladies say they give more sex
At bed

Chorus

We're going back to tramballs times
When all The Romans were Trisexuals
The Greeks and The whole Babylón
Mostreid

Now The Gays are really smart
To set The Power on The trash can
Who has The Rights to live again
On deck

THE DEVIL'S CITY

Today The great Fox came to me
She knows well helly's road
I went to open up The Door
So she begon to talk
Satan I don't know what to do
Because The End is here

My city is now
The Devil's City

Take it easy my little friend
Relax don't be afraid
I'm gonna take you to a place
Where you will be O.K.
I want no presents not from you
I prefer not to live

While people die
On Devil's City

A winged snake with eleven heads
Is sitting on The Eerth
Her despot eyes announce The Death

Nobody will be safe
She will be laughing anytime
Trying someone to eat

She will kill Us
On Devil's City

The Moon is crying on The Night
The Planets do it too
Sometimes The Wind goes to my Heart
Whispering save The Hills
Tell me why I don't understand
You like The Rebels here

They want my head
On Devil's City

The Gangs wich live in New York
They love to cranck at you
And all The Time cursing your name
They told you that is true
If not for you if not for me
Wake up to show The Rules

Beat them at once
On Devil's City

I can't do nothing by myself
I tried it anyway
I will not save anybody else
Before appears The End
Still awaiting life's return
I'm sure I've hope I've faith

Destroy right Now
The Devil's City

To kill someone shot with a gun

Is this beautiful there
To kill someone stabbed with a knife
Blooding The perfect Way
I want to clean The Air of World
To start another age

Another Time
On Devil's City
The sun is crying on The Night
When Pigs sang out The Songs
Because The King saw on his dreams
A white Horse eating Doves
I'm going again for one more time
Please me tell me why me

Destroy right Now
The Devil's City

NOT FOR YOU

You are in love
With me
No way you're lazy

I don't want
Problems with you
Bye bye

I'm running away
You loose your time

Set me free
Let me out
Of your head's delusions

Can't you see

You hurt my feelings
When you speak of
My name

Tell me why you like me
When I've never seen
Your eyes before

Leave me alone
Leave me alone
Won't you understand

I don't know
Who walked at your door
Little fool

And told you woo
That guy
He is single now

Don't let him escape
Darling don't be late
Catch'em in The Night
He'll love you tonight

Don't do it stupid
Don't do it

If you do it
I will cry baby

Because
You really nothing
Believe in your life

FOOL

You are driving my life
But I'm working for us
Ander big preasure

You are driving my life
Because I'm really a fool

Now you're drinking my wine
And you wish your food fast
You need it always

Do you think that's not much
So you play with my mind
I trusted in you

Fool
Fool
Fool
Fool

You have made love to me
But I paid you in cash
Each movement made it

You have made love to me
Because I'm really a fool

So you're stabbing my back
Making me hurt inside
You did it always

But if you think you'll stop
When I'm coming so fast
Please never do

Fool

Fool
Fool
Fool

You are driving my life
Kicking my ass when I'm
Beneath The Table

You are driving my life
Because I'm really a fool

Now you want to be free
Cause you left me alone
Why not my baby

You will leave one more time
Should I cry on The Spot
No not for you

Foll
Fool
Fool
Fool

OH OH OH

Oh oh oh
Oh oh oh
Oh oh oh

Jechuuuy ¿?

Oh oh oh
Oh oh oh
Oh oh oh

Jechuuuy ¿?

Please mom let me go
I want to see The Gypsies
They bring a big store to sell
You can get
The Earrings
You wanted before

Let me
Let me go

I like The Gypsy's life
I love their Bear
And The Tambourines
It seems like a dream come true
Mother I can share it with you
Only if you want it

I CRIED

Everything like a Woman

For all The Children's death
Oh Sue I'm sad I cried
For all The people Lost
Deep in my Heart I cried
Because I hurt in soul
I cried I cried I cried

So they went off to war
Oh baby why I cried
The Future will be strong
Around The World I cried
My pain is growing on
I cried I cried I cried

I'm walking in The Rain
On this beautiful day
The Sunlights' burning hot
Behind those clouds up there

You say I'm still in love
But love I didn't buy
Men love me cause I did
Everything like a woman

I'm walking in The Rain
On this undarkened night
The Whores are passing by
In front The Neon lights

So I can't wait too long
To be a whore I'm hot
Because I did before
Everything like a woman

LOOKING THROUGH YOUR EYES

Beautiful views
I see
Behind those mounts
Up there

Where trees sing
With The Wind
The same song
As The Birds

A nice day shines
The sun Lights
The Wheater keeps
The right Degrees

So all this I can see
Looking through your eyes
Looking through your eyes

Ooooooh look...
Ooooooh look...

It's pretty nice
To live
Having a World
Like that

Where rivers flow
So smooth
Like your silk hair
My Heart

ROLLING ON THE BLACK SIDE

Y yo me pregunto
En donde esta Dios

Y yo me pregunto
En donde esta Dios

Y yo me pregunto
En donde esta Dios

Chorus

Y yo me pregunto
En donde esta Dios

Y yo me pregunto
En donde esta Dios

Y yo me pregunto
En donde esta Dios

I felt in The Darkness
On The Zone of Riley's
Where death running free

So flushed The Bubles
When chain hasn't broken
To pull up The Key

It Sank to The Bottom
To see nothing happens
For sure doesn't breath

Before a good acting
The Colors are dying
To follow The Blink

Y yo...

I drove on my dreamings
The Plane to Lobarious
To frozen The Sins

So deeper and deeper
At last you will find there
The Killers at least

To cross The outer Limits
On empty spaces
Is challenge The Greens

Eraising The Pictures
Is work for The Nightmares
To carry you inn

Y yo...

If Rimbus The Mingus
Could drag in The Present
The Life disappear

Disappear The Cosmos
On a big confution
To change reallity

Or maybe tomorrow
The holy Spirits
Will come here to speak

Meanwhile in The Forest
The Voices are calling
Expecting to live

Y yo...
